At the start, He was there, He was there
In the end, He'll be there, He'll be there
And after all our hands have wrought, He forgives

Oh, the glory of it all is He came here
For the rescue of us all that we may live
For the glory of it all, for the glory of it all

All is lost, find Him there, find Him there
After night dawn is there, dawn is there
And after all falls apart, He repairs, He repairs

Oh, the glory of it all is He came here
For the rescue of us all that we may live
For the glory of it all, oh, He is here
With redemption from the fall that we may live

For the glory of it all, oh, the glory of it all
The glory of it all, oh, the glory of it all
And after night comes a light, dawn is here
Dawn is here, it's a new day, a new day
Oh, everything will change, things will never be the same
We will never be the same, we will never be the same
We will never be the same, we will never be the same

Oh, the glory of it all is You are here
For the rescue of us all that we may live
For the glory of it all, oh, You are here
With redemption for us all that we may live

For the glory of it all, oh, the glory of it all
The glory of it all, oh, the glory it all

Oh, everything will change, things will never be the same
We will never be the same, we will never be the same
We will never be the same, we will never be the same
We will never be the same, we will never be the same
