Listen to the laughter
Of children in love
Brought together
By the good Lord up above

They are singing songs that echo themes of love
For you
Just listen with all your heart
And you can sing them too

Take love by His hand today
And you will have that love come what may
Love won't pass you by
He's here to stay

Listen to our laughter
We're children in love
We were brought together
By the good Lord up above

We are singing songs that echo themes of love
For you
Just listen with all your heart
And you can sing them too

'Cause the longer you wait
The harder it gets
And the harder it is
The longer you will wait for your love

The longer you wait
The harder it gets
And the harder it is
The longer you will wait for your love
(Repeat verse x3)

There's no need for fear my friend
'Cause His love will never end
Love won't pass you by
He's here to stay

Open up your heart

And hear what He's got to say
And you can have His love
Each and every day
(Repeat verse x6 FADE)
(Third time)
He loves you
(Fourth time)
He will always love you, yeah
(Fifth time)
He loves you
(Sixth time)
He will always love you, love, yeah
