Where do I go?
Every direction seems to be against the flow
And who will I be?
What does it mean to just be me?

So tired of havin' to choose
Where I'll be and what I'm gonna do

Lost in confusion
I feel like I'm losin' it all
Where do I go from here?
With all this confusion,
Now who's gonna break my fall?
There's no one left to call
Nothing is clear
Where do I go from here?

Did I let you down?
My good intentions never seem to come around
And I have to believe
That there's an answer I can see

So tired of havin' to choose
Where I'll be and what I'm gonna do

Lost in confusion
I feel like I'm losin' it all
Where do I go from here?
With all this confusion,
Now who's gonna break my fall?
There's no one left to call
Nothing is clear
Where do I go from here?

I can't tell what's up or down
My head's spinnin' all the time
Every time that I turn around,
There's another useless sign
I wanna know but I don't know
Which way I'm gonna go
Where will I go?
Which way will I go?

Lost in confusion
I feel like I'm losin' it all
Where do I go from here? (Where will I go from here?)
With all this confusion,
Now who's gonna break my fall?
There's no one left to call (There's no one left to call)

Lost in confusion
I feel like I'm losin' it all
Where do I go from here?
Nothing is clear
Where do I go from here?

Where do I go?
Tell me, where do I go?
