Steel horse over Navajos  
Your gun against our tomahawk  
We're the sons of the sacrifice  
Kinda savage in the madman's eyes  
Ain't no blue sky over red indians  
And I know some day I will change it all  
I'll build a heaven for my squaw

That's all right we've scalped granpa  
Made hairdoes from the old times  
Ketchup versus genocide  
Kinda savage is the madman's eyes  
Ain't no blue sky over dead indians  
And I know some day I will change it all  
I'll build a heaven for my squaw

You walked on us like on rugs  
Dragged our spirit through the dirt  
Ketchup versus genocide  
Kinda savage in the madman's eyes

My squaw  
Indian  
Granpa  
Indian  
Heaven  
Too high
