Blue sect you're my life
And the lie is true
Don't you blow my mind?
Hear the message too
Why do I sing my love for you?
It's me, but like brand new

All my ladies all the time
Send my love, flowers and sins
All my lovers roll and smile
Let me live my life for real

Oh no you're still mine
But my God is blue
Understood in time
Marvel's guy sings too

All my ladies all the time
Send my love, flowers and sins
All my lovers run and smile
Let me live my life for real
