Golden ladies want to shine  
Everywhere and everynight  
See my hands, take off my soul  
Giant guest, if you don't like  
Just let me go

Overland and oversize  
Evidence, volcano shines

All the kings come in to shine  
Everywhere Poseidon's light  
And lead the river to your falls  
Octopuses on the ground  
The place is gone

Olympic flame in your eyes  
Overseas, volcano shines

Golden ladies want to shine  
Golden ladies want to shine  
Everywhere and everynight  
Everywhere and everynight

Golden ladies want to shine  
Golden ladies want to shine  
Everywhere Poseidon's light  
Everywhere Poseidon's light

Golden ladies want to shine  
Golden ladies want to shine  
Golden ladies want to shine  
Golden ladies want to shine
