Wonders in Africa, it's so real a love
Down in the savannah
Oh lord

I can see baby lions playing with their pawns
I can see mother lion filing her claws

Eating bananas under the sun
A million umbrellas together as one
Ladylove on the land, happier than life
Waiting tomorrows near river Mara

Love takes you by surprise, you did not know before
The wind was so so wild
Oh lord

Flights of flamingos ready for love
Birdies on hippos, somebody's love
Tumbling monkeys, it's the season of love
The whole Phaco family wiping the floor

Secrets of fauna sound in the night
The eyes of a cheetah shine a moonlight
Oceans and diamonds calling for rite
Of sleepy animals when everyone hides

Love takes you by surprise, you did not know before
The wind was so so wild
Oh love

Down the savannah, there's so real a love
Oh mini Africa, it's so animal
The wind was so so wild
Oh love

Echoes of Africa, you didn't know that before
Down the savannah, it's so animal
The wind was so so wild
Oh love
