Good morning honey
Did you sleep okay?
It certainly looks as though
It's gonna be a beautiful day

By the way
Can you see that I'm slipping away
Just pass my shirt darling
I can't be late today
Ladahoo

Being alone together
Making talk about the weather
Ladahoo

Being alone together
No this can't go on forever
There's so much work to do

Cleaning up this place
All those souvenirs
Taking up closet space

She stands in the doorway
Hot tears rolling down her face
It don' feel right for her

To be alone around the place
Ladahoo

Being alone together
Making talk about the weather
Ladahoo

Being alone together
No this can't go on forever, forever, forever
And my little sister told me

She said I'm better off this way
She said my future's all that matters
And if I'm just a little bit tattered

Still I'm better off
I'm better of this way
She thought I was a hero
I thought she was a goddess, foolish me
Ladahoo
