It's obvious, your not gonna change
Honestly, your gonna always be the same
I done putting up with all of your lies
I'm sorry to say, but this is good bye
Cause every time, you cross this line
It tears me apart a little bit more inside
And for everything, you've put me through
I'm done with always faking the truth

I hope you know tonight, that this is the last time (This
is the last time)

(Chorus)

So I'm leaving this town tonight
I never would have expected this
To be goodbye
So leave everything, behind
And read between the lines
And say goodbye tonight
When everything is set in done in the end
Will we still say that, we're best friends?

I'll never forget
With a heart full of regrets
I'll never let this go
I'll never think that
You are ever coming back
Because I know
That everything will be the same as before
And I know that it's time, to shut this door

(Chorus)

So please tell me how we got this far
And please tell me, why we fell apart
We promised, we'd be there to the end
Because me and you, were always best friends

(Chorus)
