Faster than fast  
And better than best  
We're gonna reach it  
We've set our task  
Demands to fulfill  
While some of them still  
Behind greed and need  
What counts is thrill

This time I won't get away  
This time no fault will come my way  
This time I won't get away  
This time no fault will come my way

Running down the memories  
Wrapped up in desire  
Oh after the fall there's nothing at all  
But tears of an end and a smile for a friend  
Keep on

Want to believe  
Can I receive  
Want to believe

But something was wrong  
You can't get along  
Searching to find the weak and the strong  
These times of love come from above  
They're the result of feeling and shove

This time I won't get away  
This time no fault will come my way  
This time I won't get away  
This time no fault will come my way

Running down the memories  
Wrapped up in desire  
Oh after the fall there's nothing at all  
But tears of an end and a smile for a friend  
Keep on

Running down the memories  
Wrapped up in desire  
Oh after the fall there's nothing at all  
But tears of an end and a smile for a friend  
Keep on  
But tears of an end and a smile  
For a new beginning
