Come take my hand  
I'm standing here just waiting for your sign  
My lessons in new ways  
Have really changed your mind

Now you can see what seemed far away  
Live in two worlds  
You'll fade away if you wanna stay  
Speak final words

Your cowardice is killing  
All the feelings which rose between us  
What yesterday seemed almost clear  
Will today just be a lie

The other side  
You try to show, to show them the new way  
But you look in dull eyes  
There's only black only white

Now you can see what seemed far away  
Live in two worlds  
You'll fade away if you wanna stay  
Speak final words

Fade away  
If you stay  
What's to say  
When the grief of choice is endless  
Other side  
Black and white  
Stupid sight  
You must tear apart what's senseless

Fade away

Now you can see what seemed far away  
Live in two worlds  
You'll fade away if you wanna stay  
Speak final words  
When the grief of choice is endless

When the grief of choice is endless  
When the grief of choice is endless
