Hello, do you remember me - I'd DID N
OT
FORGET THOSE YEARS
You look as if you work too hard - OH, YES I
GUESS THAT'S TRUE
What about the ideals you had in '68
To me it looks like you are now what you were
fighting.
You were fighting then
Chorus:
It is ideological - all thoughts you
Might have
The pictures in your mind
Caused by social history
I CHANGED MY LIFE AND SETTLED DOWN
IT'S RESTFUL, PLEASANT, WELL
TO ME IT'S OKAY, YOU SEE -
My friends live the same way
It must be the influence of society
That creates succ
Essfully
A new dictated ideology
Chorus:
It is ideological - all thoughts you
Might have
The pictures in your mind
Caused by social history
Consciousness - the only way to
Understand
All my thoughts - Ideology
And your thoughts - Ideology
My ideals - Ideology
No free will - Ideology
But in the past - Ideology
And what does last - Ideology
To understand life and men - is there a hope?
Chorus
