We're both on a side
You're the dying virus
I resign

Through it all the world keeps turning
Through the smoke I see her burning

My fucked up head
The shaking hands around my head

I am all and I am worthy
I am all, dear god I'm worthy

Stay awake
Please, stay awake
Stay awake
Just stay awake

We both bleed red
I'm the diamond in the dust you left

Dead since birth, I'm finally breathing
Blind to her, I'm finally seeing

Your empire fell
My hands around the gates of hell

I'm at your side now don't stop speaking
Fall asleep and you won't stop dreaming

Stay awake
Please, stay awake
Stay awake
Just stay awake

Aren't you tired of being sold
Like a bargain on the street?
Aren't you tired of being sold
You're just a prostitute between two sheets
Aren't you tired of being sold
Like a bargain on the street?
Aren't you tired of being sold

Like a prostitute between two sheets

Stay awake
(I'm wide awake)
Please, stay awake
Stay awake
(I'm wide awake)
Just stay awake

Stay awake
Please, stay awake
Stay awake
Just stay awake
