

Secret Mind "Myself"

Visit "[Myself](#)" on MotoLyrics.com

You really don't know
what's inside of me
but I confess sometimes I try to hide
so that you can't see

sometimes I ask myself
where have I gone
but I've got really no idea
so tell me - what have I done ?!?

sometimes i feel like crying
but i never felt like dying

i'm searching for the silence
that i've lost

you don't know of all the things
that I must stand
I need a break - come on break
give me your hand

sometimes i feel like crying
but i never felt like dying
i'm searching for the silence
that i've lost
