You really dont know  
whats inside of me  
but I confess sometimes I try to hide  
so that you cant see

sometimes I ask myself  
where have I gone  
but Ive got really no idea  
so tell me - what have I done ?!?

sometimes i feel like crying  
but i never felt like dying  
im searching for the silence  
that ive lost

you dont know of all the things  
that I must stand  
I need a break - come on break  
give me your hand

sometimes i feel like crying  
but i never felt like dying  
im searching for the silence  
that ive lost
