I wanna be
next to you
and watch you while you sleep

holding you
lost inside
every breath you breathe

i dont wanna live a day without you
i just wanna be the one that makes you happy, happy
i dont wanna live a day without you
i just wanna be the one that makes you happy, happy
one minute more
a thousand years
it's all the same to me

cause i'm incomplete
and i need you more
with every breath i breathe

i dont wanna live a day without you
i just wanna be the one that makes you happy, happy
i dont wanna live a day without you
i just wanna be the one that makes you happy, happy

i try to let you know
but my words get tangled up
and every time i find that i'm
outside looking in

can't let this moment go
when you're the only one
that makes me feel the way i feel inside

lately i'm falling for you
lately i'm falling for you

i dont wanna live a day without you
i just wanna be the one that makes you happy, happy
i dont wanna live a day without you
i just wanna be the one that makes you happy, happy
