This is a call to arms, hold your darling tight  
And don't let her go with the fork in the road  
This is a call to arms, this is a call to arms?

Let us not be defeated, even though we can't win  
'Cause I see there's a crack in the walls of the mess  
that we're in  
And let us not be divided, I cannot make it alone  
But I've got a heart full of somebody calling me home  
And she says:

This is a call to arms, hold your darling tight  
And don't let her go with the fork in the road  
This is a call to arms, this is a call to arms?

I've never been one for fighting,  
Yeah, but I'm not about to lay down  
'Cause I still have my face (faith?) in the dust of this  
dirty old town  
And I wouldn't have it all easy, so come on, let the  
hard times begin  
And let's kick through the crack of the walls of the  
mess that we're in  
And I say:

This is a call to arms, hold your darling tight  
And don't let her go with the fork in the road  
This is a call to arms, this is a call to arms?

Do you remember old Danny?  
It's been so long since he died  
Well, he was just a man who loved one woman for all of  
his life  
And under hospital blankets, family stood round his  
bed,  
He was too weak to talk, but he lifted his eyes and they  
said:

'Darling, be strong; even though I'll be gone  
Still I want you to know your love has meant everything,  
Now pick up your voice and sing 'cause:

This is a call to arms, hold your darling tight  
And don't let her go with the fork in the road  
This is a call to arms, this is a call to arms??

Well this is a call to arms, hold your darling tight  
And don't let her go with the fork in the road  
Well this is a call to arms, yeah now this is a call to  
arms  
This is a call to arms, this is a call to arms
