Will it go if you wait, will building pain dissipate
They say that time is a healthy, vent-like way
Holding on this time I'll wait my turn
'cause I firmly believe someday that you will burn
They say that what goes up, it must come down
So I will wait for the day to see you hit the ground

All your betrayal, and your dishonesty
It's coming to get you someday
Someday, you'll be paid, a visit by your sketchy
destiny

I question fate, I question destiny
But in this case I hope it breeds reality
To me the writing is clearly stated on a wall
You're on a course that will lead you right into a fall

All your betrayal, and your dishonesty
It's coming to get you someday
Someday, you'll be paid, a visit by your sketchy
destiny

Will it go if you wait, will building pain dissipate
They say that time is a healthy, vent-like way
The day you pay, I won't rub it in I'll walk away
I'll be glad to see the debt is paid
To see your tail between your legs
What goes around?

All your betrayal, and your dishonesty
It's coming to get you someday
Someday, you'll be paid, a visit by your sketchy
destiny

I summarize, from the first time I looked in your eyes
From the first time you betrayed a friend
And led your family on again, has come around!

All your betrayal, and your dishonesty
It's coming to get you someday
Someday, you'll be paid, a visit by your sketchy
destiny

Will it go if you wait, will building pain dissipate
They say that time is a healthy, vent-like way
