When you came into my life
You showed me what true love was meant to be
You brought light into my shadows
And made me be your number one priority
And when you hold me in your arms
The rest of the world seems to disappear
I'm in heaven when I'm with you
And for the first time I can tell it's real
You're my one and only, my one and only true love-
True love
Ooh-oh, ooh-oh, ooh-oh, ooh-oh
So many times before
I thought that I had really found true love
But all I really found
Was someone who would abuse my love
Seduction, surrender, to a feeling
That is oh so new
My heart is on fire, so I'm giving
All my love to you
Ooh
You're my one and only

My one and only true love

True Love

Ooh-oh, ooh-oh, ooh-oh, ooh-oh

Were two great tastes that taste great together

We'll be around forever & ever

A symbol of love that'll last through time

A river in France, a statue in the Guggenheim

Tight like a punch a Mike Tyson blow

I'm in love-You're my one and only

It's you and only you

Just you that I want to share my life with

No one in this world

Can bring me all the joy

All the joy you bring

You're my one and only

My one and only true love

True love

Ooh-oh, ooh-oh, ooh-oh, ooh-oh
