I spend the day sighing sins of loving you  
Even when I have my mouth shut and eyes closed...  
I still search for you

I spend the day signing sins of loving you  
Even when I have my mouth shut and eyes closed...  
I still search for you

I try to swallow the memories...  
But you are left in my heart again  
I keep saying your name which makes me miss you  
Because I love you and you're my everything  
I want to use my life for you  
Even if I smile ten times and cry a thousand times  
I want to love only you  
I want to scream loudly in front of the world  
I love you, I love you  
I live on today because I love you

Without you I can't do anything because of my weak heart  
I keep thinking...  
I keep searching  
The vicious words of memories  
Because of my light love  
It must have been very painful for you  
If the punishment is because of loving you...  
I will receive it all  
Because I love you and you're my everything  
I want to use my life for you  
Even if I smile ten times and cry a thousand times  
I want to love only you  
I want to scream loudly in front of the world  
I love you, I love you  
I live on today because I love you

I don't have the confidence to live a day without you  
How can I forget you  
How can I erase you if it's painful?

I can smile in front of breakup  
Because of the memories you gave as a gift

While living...  
I might search for you someday  
I yearn, I yearn...  
Because I Yearn  
I wait today too

I can smile in front of breakup  
Because of the memories you gave as a gift  
While living...  
I might search for you someday  
I yearn, I yearn...  
Because I yearn...  
I wait today too
