

## See-Saw "Vanity"

Visit "[Vanity](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Enter the scenery of love  
Lovers are in pain  
They blame and pick on each other  
You play melodies of love  
Forgotten phrases  
Tender and sweet

Come a little bit closer  
Don't stay in the shadows my boy  
(la la la la la la la)  
The melody's fading.....  
Now or never, love will go

I'll be there by your side  
Share your fears in the silent redemption  
Touch my lips, hold me tight  
Live in vanity for a while

As winter melts in the sun  
Boys will be out running and reaching for the light  
Oh mother please find me in that place  
Before the memories tear us into pieces

Clinging to affection, we somehow do learn to live  
(la la la la la la la)  
In endless motion  
Never coming back, love will go

You'll be there by my side  
You may never know my devotion  
Feel my breath in the quiet night  
Live in vanity forever

Won't you feel my gentle emotion  
Let us live in peace with conviction  
If you're here please hold me
