Yeah yeah
The weather's hot like hell
It's gonna cast a spell
I want a friendly face
Inside a cool dark space

Yeah summers begun
This is where one, needs to be two
Yeah I know i'm bold
But baby I'm sold on me, with you

Come as you are
You can stand
Take my hand, I'll help
Come as you are
Don't be sad
Don't deny, yourself

So are we good to go
Don't act like you don't know
This is a brand new dress
Don't want to make no mess

Yeah summers begun
We could have fun
Playing for keeps
Yeah got habits to feed
And baby I need to get my fix

Come as you are
You can stand
Take my hand, I'll help
Come as you are
Don't be sad
Don't deny, yourself

Come as you are
You can stand
Take my hand, I'll help
Come as you are
Don't be sad

Don't deny, yourself

Got to give a shout out
Going to the people who feel
What a sista like me is talking bout
Got to give a shout out
Going to the people who feel
What a sista like me is talking bout

Hey, hey, hey!

Come as you are
Come on

Come as you are
You can stand
Take my hand, I'll help
Come as you are
Don't be sad
Don't deny, yourself
