People say that together we were both sides of the  
same coin

That we would shine like Venus in a clear night sky

We thought our love could overcome the  
circumstances

But my ambition wouldn't allow for compromise

I could see in the distance all the dreams that were  
clear to me

Every choice that I had to make left you on your own

Somehow the road we started down had split asunder

Too late to realise how far apart we'd grown

And how I wish I, wish I'd done a little bit more

Now "Shoulda woulda coulda" means I'm out of time

"Shoulda woulda coulda" can't change your mind

And I wonder, wonder what I'm gonna do

"Shoulda woulda coulda" are the last words of a fool

People ask how it feels to live the kind of life others  
dream about

I tell them everybody gotta face their highs and their  
lows

And in my life there's a love that I put aside, 'cause I  
was busy loving something else

Yes, so for every little thing you hold on to, you've got  
to let something else go

How I wish I, wish I'd done a little bit more

Now "Shoulda woulda coulda" means I'm out of time

"Shoulda woulda coulda" can't change your mind

And I wonder, wonder what I'm gonna do

"Shoulda woulda coulda" are the last words of a...

Fool if I would now forsake the opportunities are fate

I know I'm right where I belong

But sometimes when I'm not so strong...

I wish I, wish I'd done a little bit more

Now "Shoulda woulda coulda" means I'm out of time

"Shoulda woulda coulda" can't change your mind

And I wonder, I wonder what I'm gonna do  
"Shoulda woulda coulda" are the last words of a fool

And I wish I, wish I'd done a little bit more  
Now " Shoulda woulda coulda" means I'm out of time  
"Shoulda woulda coulda" can't change your mind  
And I wonder, wonder what I'm gonna do  
"Shoulda woulda coulda" can't change your mind  
"Shoulda woulda coulda" means I'm out of time  
"Shoulda woulda coulda" can't change your mind  
Can't change your mind...
