It's so depressing how you wag your tounge
And name with words as you please
I'm second guessing you're the chosen one
Think you can cure my disease

You wear out and lay claim to my mind
Get out, I'm begging you, please!

You're so excited to breathe
You've got me on my knees
Betray desire for need
But I'm giving up
Yeah, I'm giving up

As a confession you reach for your gun
And cry a hole in my sleeve
It's over-rated kissing you for fun
Now all I taste is the sleaze

You wear out and lay claim to my mind
Get out, I'm begging you, please!

You're so excited to breathe
You've got me on my knees
Betray desire for need
But I'm giving up
Yeah, I'm giving up
You're so excited to breathe
You've got me on my knees
Betray desire for need
But I'm giving up
Yeah, I'm giving up

You've got me right where you want me
You've got me feeling so small
You've got me right where you want me
But... but I will deliver myself!

But I will deliver myself!

You wear out and lay claim to my mind
Get out, I'm begging you, please!

You're so excited to breathe
You've got me on my knees
Betray desire for need
But I'm giving up
Yeah, I'm giving up
You're so excited to breathe
You've got me on my knees
Betray desire for need
But I'm giving up
Yeah, I'm giving up

But I will deliver myself!
