Have you been feeling?
My momma titieas agaain

You must be naughty.
You aint comin to my pauty

Have you been drinking?

And then he told me that he a condom
It sounded like he used it once before on him

And then he told me that he a condom
It sounded like he used it once before oh man
(repeat from top again one more time)

We have to get some dildos from the dollar store
we gotta go to the street corner, pick up a two dollar
whore
We have to get some dildos from the dollar store
we gotta go to the street corner, pick up a two dollar
whore

And then he told me that he a condom
It sounded like he used it once before on him

And then he told me that he a condom
It sounded like he used it once before oh man
(repeat from top again one more time)
