Premeditation will kill the trust  
They'll never know if you fear me  
With every second collecting dust  
I feel so bloated and weary  
'cause she belongs to heaven

She's comin' over like a suicide  
And it's the same old trip  
The same old trip as before  
Another complicating suicide  
And it's the same old trip  
The same old trip as before

Burn...

She'll cut you down with a single thrust  
She's taken over too quickly  
No medication can cure the lust  
So say a prayer for the sickly  
'cause she belongs to heaven

She's comin' over like a suicide  
And it's the same old trip

The same old trip as before  
Another complicating suicide  
And it's the same old trip  
The same old trip as before... as before...

You set me up to fucking fail this time [x8]

She's comin' over like a suicide  
And it's the same old trip  
The same old trip as before  
Another overbearing suicide  
And it's the same old trip  
The same old trip  
She's coming over wearing genocide  
And it's the same old trip  
The same old trip as before  
Another complicating suicide  
And it's the same old trip

The same old trip as before... as before...
