Steal my sight and then  
Fill my mind with foreign words to keep me wanting

And speak now child  
And chill my heart with all the hurt and keep me  
suffering

All these promises  
Lectures and bold face lies  
All these promises  
Born of a shameless mind

Leave me to heal on my own  
With those empty cool promises  
You stole my dreams  
Yeah all my dreams I'm dead inside  
Please let me feel my way home  
Without reason or compromise  
You stole my dream  
Now all i believe is dead inside

Be quick now child  
And soil my bed with all your dirt  
Just keep me suffering  
All these promises  
Lectures and bold face lies  
All these promises  
Born of a shameless mind

Leave me to heal on my own  
With those empty cool promises  
You stole my dreams  
Yeah all my dreams I'm dead inside  
Please let me feel my way home  
Without reason or compromise  
You stole my dreams  
Now all i believe is dead inside

Don't let me sleep  
Take me back  
But don't let me be comfortable  
If I get too weak  
Cut no slack  
But don't let me be comfortable

Don't let me sleep

Take me back  
But don't let me be comfortable

Leave me to heal on my own  
With those empty cool promises  
You stole my dreams  
Yeah all my dreams I'm dead inside  
Please let me feel my way home  
Without reason or compromise  
You stole my dreams  
Now all I believe is dead inside

If you say you're alive  
When you pray you're a liar  
Oh you'll hate when I'm right  
And you lay in the fire
