"Naked"

If we don't talk about it
Then I won't sleep tonight at all
If we don't reconcile it
Then I won't dream
If we don't simplify it
And let the truth reveal itself
Then we won't laugh about it
And we won't heal.

'Cause I won't run from myself, now, anymore
I won't comfort myself, now, anymore
I have nothing to hide, but you can't see me naked
I won't bleed on the floor, now
Here for you.

If we don't rectify this
Then I won't breathe tonight at all
And, yeah, I really want this
I want to feel
If you won't talk about this
Then I can't be here anymore
If we can't laugh about this
I'll never heal.

'Cause I won't run from myself, now, anymore
I won't comfort myself, now, anymore
I have nothing to hide, but you can't see me naked
I won't bleed on the floor, now
Here for you.

'Cause I won't run from myself, now, anymore
I won't comfort myself, now, anymore
I have nothing to hide, but you can't see me naked
I won't bleed on the floor, now
Here for you...
You...
You...
You...
