Before you hedge those bets you placed against me
Be reticent fortunes they foretell
Your verbal defecation, I can't wash away despite
myself
Your vanity, it seems has served you well

You're so quick to choose the path walked by the
righteous
So you can go and nest among the weak
The innocent observers will refuse to find the lie within
Renew the disappointment of the meek

You're no Jesus Christ
You're no Jesus Christ

Put the gun in my mouth and pull the trigger
I feel so alive here
Put the gun in my mouth that tastes so bitter
I feel so alive here

You're no Jesus Christ
You're no Jesus Christ

You keep takin' over, I keep rollin' over
I can't take it anymore
You keep takin' over, I keep rollin' over
I can't take it anymore

Before you hedge those bets you placed against me
Be reticent fortunes they foretell
Your verbal defecation, I can't wash away despite
myself
Your vanity, it seems has served you well

You keep takin' over, I keep rollin' over
I can't take it anymore
You keep takin' over, I keep rollin' over
I can't take it anymore

You keep takin' over, I keep rollin' over
I can't take it anymore
You keep takin' over, I keep rollin' over

I can't take it anymore
