Triplets born  
The throne awaits  
A seer warns  
Of a deadly fate  
Give up your children  
Seperate  
Bide your time  
Lie in wait

Sonic Underground  
Sonic Underground  
They made a vow  
Their mother will be found

The children grow  
Learn what's right  
Leaders of the freedom fight  
They seek their mother  
She knows they do  
Is it time?  
If she only knew  
Will the prophecy come true?

Sonic Underground  
Sonic Underground

[Queen Aleena]  
"I long for my children  
But I have to wait  
To act too soon could seal their fate"

They made a vow  
Their mother will be found  
Sonic Underground!
