I wish I could go faster,
I wish I was the fastest thing alive

Here comes that Sonic Blaster,
and like a comet I go streaking cross the sky

I'd like to be the one where everyone says,
look at him go, he makes a drumstick smoke who is
that guy,
well thats me!

If I could just accelerate, my life would be great,
my legs would be a blur, wow look at her, she can really
fly,
she flys!

I wish I could go faster,
I wish I was the fastest thing alive

Here comes that Sonic Blaster,
and like a comet I go streaking cross the sky
