I am the ultimate life, a flawless existence  
Nothing is unpredictable to me, nothing can surprise  
me  
I am the mystery of the world, I can tell it by their cold  
eyes  
I am the warrior, it's my way to go

Give me your huge potential with your fluid motion  
Just  
Tell me the truth, are you really the ultimate life?  
Just  
Nothing is unpredictable to me, nothing can surprise  
me  
I am the mystery of the world, I can tell it by their cold  
eyes

Just move, it's the time  
Just move, it's the time for you  
Just move, it's the time for you  
Just move, it's the time for you
