A shadow of myself just who am I
Scan horizons
A tragic mystery
You could've left me here, sealed inside the pod
No one would ever know
The Chaos Control
My true identity
The power that is me

We all danced in fire
Trapped in this machine
How long have we waited
As the Eggman's watching

We all danced in fire
Looking through the screen
How long have we waited
As the Eggman watches

With Rouge in the fight electric lives
Change surroundings
A jewel in history
A treasure disappears, as she goes
Miss her as you look away
And no one knows
This power is a key
This power changes me

We all danced in fire
Trapped in this machine
How long have we waited
As the Eggman's watching

We all danced in fire
Looking through the screen
How long have we waited
As the Eggman watches

Chaos control
Chaos
Chaos

Chaos
Chaos
Chaos
Chaos control

Chaos control
Chaos
Chaos
Chaos
Chaos
Chaos
Chaos control

E- 1 2 3...
You didn't know now I'm gonna show you
The power that is me
You tried to take me down, stop the show
Seems you never tasted fear, or loss of control
The power lives in me
The power that is me

We all danced in fire
Trapped in this machine
How long have we waited
As the Eggman's watching

We all danced in fire
Looking through the screen
How long have we waited
As the Eggman watches
