The first love  
is the right love  
The very first touch of skin  
But what if great desperation strikes you  
Then your first love is a sin?

Not even god  
Loves me enough  
What makes you think  
You can have the pleasure  
Not even the ocean  
Can drown me  
What makes you think  
You will have the pleasure

It means everything to me  
I did everything I could  
Is this what it's all about

I can change  
Into mercury  
Control the heat in you  
And for every step  
You take from me  
I will always take one more

I can change into mercury again

Not even faith  
Can make me believe  
What makes you think  
You will have the pleasure

Leave your engines running while we stop to steal the  
sky

To where barbed wire lovers go

To where barbed wire flowers grow

To where nuclear lovers go  
(All rights reserved) - Where do you want to go?  
It's my echo to the world
