In your memory there are words unspoken
In your memory there is a promise broken

And if there is a sky
Where the angel meets the ghost
And if there is a god
I am the one to hurt you the most

(i en annen tid)
In your silence of your violence
In your silence
Your adolescent desire

As i can see - you're still here
And you pretend to be
As i can see - you're still here
And we are meant to be

In your memory there are words unspoken
In your memory there is a promise broken

And if there is a sky
Where the angel meets the ghost
And if there is a god
I am the one to hurt you the most

(i en annen tid)
In your silence of your violence
Of your adolescent desire

As i can see - you're still here
And you pretend to be
As i can see - you're still here
And we are meant to be
As i can see - you're still here
And i scream
Mother earth

As i can see - you're still here
And you pretend to be
As i can see - you're still here

And we are meant to be
I en annen tid
