Leave the demons at the door
They don't need you anymore
I can't tell you why
Why the sirens have to die
Fragile, my child

I believe in what you are
Let me be your sacred star
What i need is the outside
Fragile, my child

Spellbinder
The world is yours tonight
Spellbinder
The world is yours forever

Leave me naked on the floor
Making violence - i need more
Until the egg will crack
I will stay inside
Fragile, my child

Spellbinder
The world is yours tonight
Spellbinder
The world is yours forever
(I believe in what you are
Let me be your sacred star
What i need is the outside)
