### "The Man With The Golden Helmet"

Stares at me as we have met before  
Hear the voices while i open the door  
The killing mind is soon to find its face  
It's time to go  
It's time to find the place

He's the man with the golden helmet

Just like a dream

Stares at me as we have met somewhere before  
Hear the echo while i close the door  
Here i am  
Confusion is why - here i am  
It takes a lifetime to die

He's the man with the golden helmet  
So tell the man with the golden helmet

That was just a dream  
That it was a dream  
Was just a dream

Just like a dream
