He who has an ear, let him hear the Spirit's words

Be faithful to the point of death,  
And receive the crown of life  
And receive the crown of eternal life

I will overcome and do his will until the end  
I will overcome and speak his words until the end  
Preach! Speak his words, until the end

Remember the heights from which you have fallen  
Hold on to what you have until He comes  
And to the hearts of the selfish and the wicked  
Repent for this is the hour of our trials

What he opens you cannot shut,  
And what he shuts you can't open again

Don't delay in responding to him  
Open your heart and let him in

Open your door and your heart will change  
Let him in, flood light where there is darkness

The word is hidden in our hearts  
Sky watcher's never part, they never part

It might take a lifetime to learn the secrets of an empty  
moment  
That we could find perfection as self-defeating, as  
self-destructing

Our hearts beat analog

Limitless is the sky's illusion (Preach)  
Limitless is the sky's deception

Remember the heights from which you have fallen  
Hold on to what you have until he comes  
And to the hearts of the selfish and the wicked  
Repent for this is the hour of our trials
