Well, you know everything's gonna be a breeze
That the end will no doubt justify the means
You could fix any problem at the slightest ease
Yes please

Well, you might find out, it'll go to your head
When you write a report on a book you never read
With the snap of your fingers you can make your bed
That's what I said

Everything is not what it seems
When you can get all you wanted in your wildest
dreams
You might run into trouble if you go to extremes
Because everything is not what it seems

Everything is not what it seems
When you can have what you want by the simplest of
means
Be careful not to mess with the balance of things
Because everything is not what it seems
