"the door closed"

-----

Please remember! this translation is my personal work.  
it is sometimes difficult to translate word for word from  
spanish to english, so it may sound awkward in one  
language when it is perfectly  
Ral in the other. but i think you can get the general  
idea!

-----

The door closed; you can't go through anymore  
Those sad moments that we spent together  
Won't return anymore  
I'm going to beg you not to look for my anymore  
I'm already tired, i'm fed up with crying so much  
I don't want to be your mistress (lover)  
Stop insisting, it's enough already  
With what you promised and what you didn't do,  
I'm not yours anymore  
You're wrong, you feel hurt  
But get over it because the hurt one  
Has always been me  
Now go, go, go, go, go  
It's too late to get into what happened\*  
But go, go, go, go, go  
The one you thought you had captive  
Just got away  
\*hacer la cuenta-to make the account, e.g.  
Make up for something, figure out who was  
To blame, etc.
