A million to one, that's what our folks
Think about this love of ours
A million to one, they say that our love
Will fade like yesterday's clouds

They're betting everything
That our love, won't survive
They're hoping in time
We'll forget each other's lives

A million to one, they say that
We're too young to know the meaning of love
A million to one, that they've forgotten
The dreams that we're dreaming of

But we'll forgive them, because we love them
After all that's said and done
There's one in a million, a million to one

A million to one, they say that
We're too young to know the meaning of love
A million to one, that they've forgotten
The dreams that we're dreaming of

But we'll forgive them, because we love them
After all that's said and done
There's one in a million, a million to one
A million to one, a million to one
