I see the distant lights ahead
Another hour or so and I'll be back in bed
I guess, I really thought that I was gone for good
But you know I never could

I count the headlights passing by
But everyone I find another reason why
You'll be sound asleep and I'll look like a fool
How could I be so cruel?

Only love could make me turn around
And make these tears come tumbling down
Only love

Only love could make you stay with me
I doubt myself that you'd believe only love

I wish, that I could be strong
You see me as I am and love me right or wrong
I guess, I'm still afraid to only say goodbye
So I keep it all inside

Only love could make me turn around
And make these tears come tumbling down
Only love

Only love could make you stay with me
I doubt myself that you'd believe only love

Only love
So I try to run but no matter what I do
I know it's true, I can't go on without you

Only love could make you stay with me
I doubt myself that you'd believe only love

Only love could make me turn around
And make these tears come tumbling down
Only love

Only love could make you stay with me
I doubt myself that you'd believe only love

Only love could make me turn around
And make these tears come tumbling down
Only love
