"you only you"

Please remember! this translation is my personal work.
it is sometimes difficult to translate word for word from
spanish to english, so it may sound awkward in one
language when it is perfectly
Ral in the other. but i think you can get the general
idea!

Look how i go on for your love
Drunk and impassioned, only for you love
Look how i go on, dear,
Given to drunkenness and hopelessness
You, only you
Have filled my life with sorrow,
Opening a wound in my heart
You, only you
Are the cause of all of my crying,
Of my disallusionment and desperation

Only your fatal shadow, shadow of evil
Follows me everywhere so obstinately
And to try to forget you,
I give myself up to drunkenness and hopelessness
