Uh-Oh 5x

You walk and talk like your some new sensation
you move in circles you dont need an invitation
you spend your money you cant get no satisfaction
you play if right so you can get the right reaction

it wont be long my darling
pick up the phone nobody's on it
where are your friends now baby?
how are the ones supposed to be there for

You
When your falling down the world starts spinning round
You
When your falling down no its not all around
You
When your falling down you know i'll be around
When your falling down (when your falling down)

Looks out of place when you look into the mirror
The truth is blurry but the lies are getting clearer
Your eyes are fixed your smile is so elastic
You gave me roses but they're all just made of plastic

it wont be long my darling
pick up the phone nobody's on it
where are your friends now baby?
how are the ones supposed to be there for

You
When your falling down the world starts spinning round
You
When your falling down no its not all around
You
When your falling down you know i'll be around
When your falling down (when your falling down)

smile for the camera everybodys looking at you
smile for the camera cause we're all about to trash ya
smile for the camera (camera camera)
smile for the camera

its gonna catch ya

You.

You

When your falling down the world starts spinning round

You

When your falling down no its not all around

You

When your falling down you know i'll be around

When your falling down (when your falling down)

Smile for the camera everybody's looking at you

Smile for the camera cause we're all about to trash ya
