i hear you're taking the town again
having a good time
with all your good time friends
i don't think that you think of me
you're on your own now and I'm alone and free

i know that i should get on with my life
but a life lived without you could never be right
as long as the stars shine down from the heavens
longs as the rivers run to the seas
I'll never get over you getting over me

i tried to smile so the hurt wont show
tell everybody that i was glad to see you go
but the tears just wont go away
Dominick's found me
looks like its hear to stay

i know that i should get on with my life
but a life lived without you could never be right
as long as the stars shine down from the heavens
longs as the rivers run to the seas
I'll never get over you getting over me

no matter what i do
its just a life time to feel through
i can't go on like this
i need you here
you're the only one I've i ever lover

and as long as the stars shine down from the heavens
longs as the rivers run to the seas
I'll never get over you getting over me

I'll never get over you getting over me

I'll never get over you getting over me

I'll never get over you getting over me
