Everything's cool, yeah, it's all gonna be okay, yeah
And I know maybe I'll even laugh about it someday
But not today, no, 'cause I don't feel so good
I'm tangled up inside, my heart is on my sleeve
Tomorrow is a mystery to me

And it might be wonderful, it might be magical
It might be everything I've waited for a miracle
Oh, but even if I fall in love again with someone new
It could never be the way I loved you

Letting you go is making me feel so cold, yeah
And I've been trying to make believe it doesn't hurt
But that makes it worse, yeah, see, I'm a wreck inside
My tongue is tied and my whole body feels so weak
The future may be all I really need

And it might be wonderful, yeah, it might be magical,
uh oh
It might be everything I've waited for a miracle
Oh, but even if I fall in love again with someone new
It could never be the way I loved you

Like a first love, the one and only true love
Wasn't it written all over my face, yeah?
I loved you like you loved me
(Oh)
Like something pure and holy
Like something that can never be replaced

And it was be wonderful, it was magical
It was everything I've waited for a miracle
And if I should ever fall in love again with someone new
Oh, it could never be the way
No, it will never be the way I loved you
