Friday night and we're just talking  
Stars are crashing in the sky  
Burning just for you and I

We don't need to over think this  
Nothing's gonna bring us down  
(Lets)Show them what we're all about

All the way, one hundred one percent touch down  
We gonna kill it, lead the pack gon'  
Take this town

Let's go, whatcha wanna wait for  
Let's take everything we ask for  
Come on and turn it up  
Let's tell them what we want  
More  
More  
More

Let's go, take over the dance floor  
You be mine and I will be yours  
Come on and let it play  
And Let me hear you say  
More  
More  
More

Take my hand and pull me closer  
Whisper nothings in my ear  
'Til the walls just disappear

Feel the music  
Take you higher  
Feel my heart beat like a drum  
Baby you're the only one

All the way, one hundred one percent touch down  
We're gonna kill it, lead the pack gon'  
Take this town

Let's go, whatcha wanna wait for?

Let's take everything we ask for  
Come on and turn it up  
Let's tell them what we want  
More  
More  
More

Let's go, take over the dance floor  
You be mine and I will be yours  
Come on and let it play  
And Let me hear you say  
More  
More  
More

Come on everybody, lets go party  
Till' they kick us out now

I don't care  
I don't care

Once get it started, we won't stop  
Until we get it all out

Take me there  
Take me there

Let's go, whatcha wanna wait for?  
Let's take everything we ask for  
Come on and turn it up  
Let's tell them what we want  
More  
More  
More

Let's go, take over the dance floor  
You'd be mine and I will be yours  
Come on and let it play  
Let me hear you say  
More  
More  
More
