I look around only dead in surround  
And I know the reason why  
I let you blow let us down the wrong road  
I let jealousy take fly  
oh I wish I made no sound  
I wonder where you are now

[Chorus]

It's doing us up till touchdown  
But I wanna turn this day around  
Erase the tape, take back what I said  
Is it too late to say that I'm sure?  
'Cause now all I wanna know is that  
You're not over it  
Not over it

With each mistake each misstep  
Something breaks but if you still want to try  
We can't go there we can make a repair  
We can fix what broke inside  
Wish I hadn't let you down  
I wonder who you're with now

[Chorus]

It's doing us up till touchdown  
But I wanna turn this day around  
Erase the tape, take back what I said  
Is it too late to say that I'm sure?  
'Cause now all I wanna know is that  
You're not over it  
Not over it

[Bridge]

Had you aliened but it's changing my mind  
And now I wanna retrace my steps  
You get you back don't you sit through the tracks  
Wanna save every mark ever mark that you left

[Chorus]

It's doing us up till touchdown  
But I wanna turn this day around  
Erase the tape, take back what I said

Is it too late to say that I'm sure?  
'Cause now all I wanna know is that  
You're not over it  
Not over it
