Twisted, you've shaken my existence
When I'm with you, baby,
Bliss is all I've come to know (come to me)
Running, I didn't see it coming
Blinded, it's so stunning
I don't want to let you go
A thousand church bells ringing
I can hear the angels singing when you call my name
Your love is off the chain
(Off the chain, chain, off the chain)
The chemistry is crazy
And you make me feel amazing
And I can't explain
Your love is off the chain
(Off the chain, chain, off the chain)
Your love (is off the chain), your love, your love
(Is off the chain, chain, off the chain)
Your love (is off the chain),
Your love (is off the chain), your love
(Is off the chain, chain, off the chain)
Coming, just keep the magic coming
You got me, baby, crashing
But it feels like so much more
Just when, when I least expect it
You make it feel so epic
Like nothing I felt before
A thousand church bells ringing
I can hear the angels singing when you call my name
Your love is off the chain
(Off the chain, chain, off the chain)
The chemistry is crazy
And you make me feel amazing
And I can't explain
Your love is off the chain
(Off the chain, chain, off the chain)
Your love (is off the chain), your love, your love
(Is off the chain, chain, off the chain)
Your love (is off the chain),
Your love (is off the chain), your love
(Is off the chain, chain, off the chain)
I'm not the type who gets crazy for someone
Not like me tripping on

Like next to nothing
Guarded my heart like a diamond ring
But love, your love, changes everything
Everything is changed,
Everything is changed,
Everything is changed
Your love is off the chain
Oh, everything is changed,
Everything is changed
Not everything is changed
Your love...
A thousand church bells ringing
I can hear the angels singing when you call my name
Your love is off the chain
(Off the chain, chain, off the chain)
The chemistry is crazy
And you make me feel amazing
And I can't explain
Your love is off the chain
(Off the chain, chain, off the chain)
Your love (is off the chain), your love, your love
(Is off the chain, chain, off the chain)
Your love (is off the chain),
Your love (is off the chain), your love
(Is off the chain, chain, off the chain)
Your love, your love,
Your love, love (is off the chain)
Your love, your love,
Your love, love (is off the chain)
Your love, your love,
Your love, love (is off the chain, off the chain, off the
chain)
