[Selena Gomez]

I told, I told, I told myself again
I'm never running back on what I said
Trying not to run but you're so far away, so far away
Listen to the conscience in my head
I'm conscious but I'm lonely halfway dead
Tired of the thing you never, you never said
You never said

[Chorus]

Our love was made to rule the world
You came and broke the perfect girl
Our love was made to rule the world
Our love was made to rule the world
You left me wanting what we were
Our love was made to rule the world

[Beat break]

Forget forever, forget forever
Forget you ever knew my name, my name, my name,
my name

I know, I know, I know we can pretend
That we were never lovers in the end
I've tried to tell myself that this pain
Would go away just go away

[Chorus]

Our love was made to rule the world
You came and broke the perfect girl
Our love was made to rule the world
Our love was made to rule the world,
You left me wanting what we were
Our love was made to rule the world

[Beat break]

Forget forever, forget forever
Forget you ever knew my name, my name, my name,
my name
Forget forever, forget forever
